

3W Spot light

Specification

- Led light type : 3W Spot light
- Mounting: recessed
- Dimensions: Outer – 52mm, Cutout – 40mm
- Color temperature of light : 6500K
- Color rendering index (cri): >75
- Power consumption: max. 3W
- System efficiency: >85%
- Operating Voltage 100V - 270V AC
- Lens clear / diffused
- No UV or IR light radiation
- Operation temperature : -10°C ~40°C
- Storage Temperature : -30°C ~60°C
- Options available in Cool white, Warm White and Neutral White
- High-performance isolated driver features over-voltage, over-current and short circuit protection

Applications

- Indoor Lighting
- Commercial Lighting
- Residential Lighting
